### FOOTNOTES:

1. Bolted to the back post and have 10" of adjustment up or down. 16" tall.
2. Welded is only available on Fixed Back. Not available with the 3/4" tubing.
3. Aluminum casters are 1.4" wide with soft roll tires. For suspension fork option, see page 1.
4. Rear wheels have quick release axles.
5. Available in gray high pressure clincher 1" tires. High performance wheels are standard with these tires and include double wall rims and high flange hubs.
6. Available in 1 3/8" grey treaded clincher tires.
7. 1 3/8" tires are available with Flat Free inserts.
8. Available with KIK no flat solid tires.
9. Available with Knobby tires-heavy tread: 24" & 25" spoke, 25" Spinergy.
10. Single camber is recommended for those who do not change camber.
11. One piece tubular footrest is made of the same material as the frame and does not have cover. Either a plastic or carbon fiber footrest cover is available.
12. Adjustable angle one-piece footplate is standard for frames with V style front end. If a tubular footrest is desired, specify lower leg length and note that the difference between the seat width and footrest width must be 5" or less. Please specify on custom form, page 4.
13. Cushions are filled with 2" or 3" soft foam which offer minimum protection. If a therapeutic cushion is needed please order from Invacare Customer Service 1-800-333-6900.
14. Kenda tires available in 24", 25" and 26" sizes.

**NOTE: All specifications and dimensions are approximate.**
